

Love At First Sight Kylie Minogue

Thought that I was going 1
Just having one 2 days yeah
Didn't know what to do
Then there was you

And everything went from 3
And the stars came out and filled up the sky
The music you were playing really 4
It was love 5

'cause baby when I heard you
For the first time I knew
We were 6 as one

Was tired of running 7
Thinking 'bout 8 yeah
Didn't know what to do
Then there was you

And everything went from 9
And the stars came out and filled up the sky
The music you were playing really 10
It was love 11

'cause baby when I heard you
For the first time
I knew we were 12 as one

And everything went from 13
And the stars came out and filled up the sky 14
The music you were playing really blew me 14
It was love 15
